NEWS NOTES.

DOINGS IN THE BUSY WORLD CHRONICLED.

Items Gathered from the Different Sections of the United States and Foreign Lands.

C. J. Cassimus, a wealthy retired fruit dealer, was run over and killed by a street car in North Montgomery, Ala. Eye witnesses say the man deliberately walked upon the tracks. The body was horribly mangled.

Jealousy on the part of a boy 2 1/2 years old against his baby sister, one month old, led to the death of the latter at the hands of the boy. The tragedy occurred in the family of Nicholas Robinson at Nyack, N. Y. The boy crushed his sister's head with a blow from a statuette.

Winnipeg, Man., was visited recently by the worst fire in its history. In two hours two of the most important business blocks were destroyed, entailing losses estimated at nearly \$700,000. No lives were lost.

Dr. Leo Vogel, secretary of the Swiss legation at Berlin, who has been appointed Swiss minister at Washington, will be the youngest diplomat of his rank at the American capital. He is 41 years old.

Employees of the Jeffersonville, Ind., branch of the American Car and Foundry Co. have been notified that the plant will be closed indefinitely on November 1. About 300 men are affected.

A triple tragedy was enacted near Plano, Tex. William Cochran, aged 51, blind, and separated from his wife, called at the home of his mother-in-law and met his wife in the front yard. Cochran grabbed her and stabbed her to death with a dirk. Mrs. Jane Skelton, the wife's mother, hearing the screams of her daughter, rushed to her and was killed in a similar manner. Cochran then killed himself with a revolver.

The revolution in Santo Domingo is extending. Azua De Compostela (near the south coast) and all the departments of the south have declared in favor of Isidro Jimenez.

Edmund Burke, 67 years old, a retired capitalist, shot and killed himself at his home in Chicago. For two years Mr. Burke had been mentally unbalanced and had twice attempted suicide.

Passaic, N. J., has a sleepless wonder. He is Jacob Casteline, 67 years old, who says he has not slept in 20 years. Casteline's family, neighbors and physicians testify to the truth of his statement.

A monument erected by the late Cyrus W. Field at Tappan, N. Y., to the memory of Maj. Andre has been sold for the non-payment of taxes. The monument stands on Andre Hill, over the spot where the British officer was buried after he was hanged. Since the death of Mr. Field taxes on the plot of ground, 100 feet square, have accrued in the sum of \$6.38.

Mrs. Nellie Ferguson, aged 38, formerly of Baltimore, was burned to death, a man said to be of local prominence who gave his name as John Smith leaped from a window and sustained injuries which will make him a cripple for life, and several other persons had thrilling escapes from death or injury in a fire in a house in West Fifty-fourth street, New York City.

The Lewis and Clark exposition has voted \$40,000 for premiums for a big live stock display from all trans-Rocky Mountain states during the next summer.

Advices received from Venezuela are to the effect that many arrests are being made there to check a revolutionary movement on a large scale which is being directed against President Castro's administration.

With two Chinese under arrest at Lansing, Mich., and two white men arrested with them, detained at Adrian, Mich., the Chinese inspectors believe they have broken up a system of Chinese smugglers that has long been causing the inspectors considerable trouble. A third white man has been in jail at Detroit for a month awaiting trial for aiding a Mongolian to illegally enter the United States. Windsor, Ont., just across the river from Detroit, was the headquarters of the smugglers.

Frank Hadsell, aged 28, who a couple of years ago sold his wife to Robert Bailey, of New Marlboro, Mass., for 50 cents and "all the cider he could drink," is in custody, charged with bigamy, it being alleged he recently married a young woman in Lynn, Mass. Hadsell says he supposed he was free to marry after having disposed of his first wife.

The entire racing stable of W. C. Whitney, which has been racing this year under the name and colors of H. B. Duray, was sold at Morris Park, N. Y., recently. Twenty-six horses sold for a total of \$83,500.

Fifteen persons were injured, two of them perhaps fatally, in a collision between the eastbound California limited passenger train and a westbound freight train on the Denver & Rio Grande railroad, a mile and a half west of Portland, Col.

Coins belonging to a collection from Portland, Ore., have been sold at auction in New York City for nearly \$7,000. There were only 561 pieces in all, the prize of the collection being an American silver dollar coined in 1804. Collectors came from many cities to bid on this rare piece and it fell into the possession of a Chicago man for \$1,100.

Accompanied by three detectives Secret Service Agent Bell raided a cabin in a dense swamp eight miles west of Tacoma, Wash., and captured H. N. Stone in the act of making counterfeit half dollars, quarters and dimes. The outfit was elaborate.

Admiral Goodrich's flagship New York during her target practice in Magdalena Bay, Mexico, broke the world's record for firing eight-inch guns, making the greatest scores, based on time and accuracy, ever made with guns of this calibre, either in our own or any other navy.

The Pittsburg Automobile club, which has in its membership most of the wealthy men in Pittsburg, has decided to take a novel stand against the fast driving of automobiles. Counsel for the club has announced that the latter will pay \$250 for the arrest of each person speeding beyond the legal limit.

E. D. Fulford, champion trap shot, died at his home in Utica, N. Y., after a brief illness, of pneumonia. Mr. Fulford was an inventor of some note and had patents upon many improvements in guns.

About 150 telephone girls have gone on strike in the general offices of the Pacific States Telephone Co. at Portland, Ore., completely tying up the telephone system of the city.

Wilhelmina Masur, aged 50 years, wife of John Masur, one of the oldest newspaper men of Pittsburg, was stamped to death by a bull in the stable at their home in Allegheny.

Ex-Gov. Alonzo B. Cornell is dead at his home in Ithaca, N. Y., after an illness of several months. He was 72 years of age.

The schooner Billow, bound from Lockport, L. I., for Portland, Me., is ashore on Little Beach island, off Biddeford, Me., and is a total wreck. Capt. K. A. Nash and his crew were saved by the Biddeford life saving crew.

John Creech, of Watervliet, shot Martin Lavendusky, of Troy, N. Y., and then turned his pistol on himself. Lavendusky was not seriously wounded, but Creech was instantly killed. The shooting took place on Franklin Square, in the busiest part of Troy.

An attempt was made recently to blow up with dynamite the Glassport (Pa.) hotel, which harbored 40 non-union men employed at the Pittsburgh steel foundry works, where there is a strike. The building was partially wrecked and the sleeping inmates thrown from their beds.

The Carnegie Steel Co. has started two more open hearth furnaces at South Sharon, Pa., making eight out of 12 in operation. It is stated that the entire plant will be running in full by the first of next month, affording employment to over 2,000 men.

Judge Barber, of the common pleas court at Toledo, O., has decided that the Toledo Fire Underwriters' association is an illegal body. His conclusion is that the object of the combination is to maintain rates and to eliminate competition, and that the scheme is unlawful and the compact between members is null and void.

The British steamer Hubert has arrived at Barbadoes and reports that on October 7 she sighted the British steamer Kelvin, abandoned, listed to starboard. On account of boisterous weather and a heavy sea the Kelvin could not be boarded. The Kelvin sailed from New York October 5 for Montevideo.

Plans have been adopted for a memorial to Andrew H. Green, known as the "father of Greater New York," who was murdered at the door of his home by a negro last year. The site chosen is one of the entrances to Central park. It is estimated that the memorial will cost \$100,000, which will be raised by public subscription.

At Peoria, Ill., the jury in the Corrington will case, in which the heirs sought to break the will, returned a verdict giving the estate to the heirs. The will of the deceased bequeathed the entire Corrington estate of \$250,000 for the establishment of a university.

A British ship has been wrecked on Terra del Fuego, near the Straits of Magellan, on the Pacific side. The vessel is a total loss. No loss of life was reported.

Ebenezer B. Beecher, a well known match manufacturer and a son of Anson Beecher, whose invention of a machine completely revolutionized the match making industry, is dead at New Haven, Conn., at the age of 74.

Four Japanese students employed as meat canners at the Chicago stock yards had a hand to hand engagement with a number of Russian packing house employees and suffered a complete rout. One of the students was taken to a hospital severely injured.

As a precaution against disastrous fires, automatic alarm lines running direct to the fire department are being installed in Chicago theatres. The wires are connected with the sprinkler systems, and when the atmosphere becomes heated beyond a certain degree the alarm is turned in automatically.

The safe in Faust's restaurant at St. Louis was forced open and \$4,116 in currency and checks taken from the cash drawer, while \$570, the personal savings of the head barkeeper, was left intact. The police are searching for the assistant night barkeeper who, they assert, has disappeared.

William F. Fette, aged 80, one of the pioneers of Milwaukee, Wis., was recently found dead from asphyxiation and his wife was found unconscious in their home. Mrs. Fette is not expected to recover. The gas was found turned on, but whether by accident or with suicidal intent is not known.

A strike is threatened in the Kanawha mining district of West Virginia that would affect many mines. Notices have been posted saying "those having authority to employ men at this mine will make no distinction between union and non-union men."

The officials of the United Mine Workers objected to this and at a meeting of all the miners advised a strike at all mines where the notice was not taken down.

Burglars forced an entrance to the court house in Wheaton, a suburb of Chicago, and dynamited the vault in the county clerk's office. They escaped with a quantity of jewelry deposited there and hundreds of valuable court records. The records contain the evidence in murder cases and other important suits, besides the written evidence of real estate and property transfers.

War Bulletins

WAS A BLOODY BATTLE.

Mukden, Oct. 17.—The battle was renewed and continued throughout Sunday night, being especially heavy at midnight. The Russians retain their position along the Shakhe river and have made frequent attacks upon the Japanese, capturing six of the latter's guns. The eastern army is helping the western forces. There was very heavy artillery fire to-day. The fighting is now centered on the plain. The troops behaved most gallantly, hurling themselves repeatedly against impregnable positions.

POSITIONS OF ARMIES IN PRESENT CONFLICT.

The heavy storm of October 14 added to the misery of the troops. There is great depression, but stolid tenacity among the men. There has been great sacrifice of officers.

There was a cessation of hostilities Saturday. Neither side can stand many such contests, the ferocity of which was frightful.

Tokio, Oct. 17.—A report dealing with the Russian casualties received here at midnight last night says that, according to a report from the center army, 150 prisoners were taken on October 13. The Russian dead, under investigation on that day, will reach 500. On October 14 the enemy's dead totaled 1,000. One hundred prisoners were taken, together with rifles, guns and wagons. The total Russian dead left in front of the center army are estimated at 2,500. The enemy's dead all ready investigated the report totals at 8,550, but the enemy's losses during the fierce engagements on October 14 and 15 are not included in this number.

In the reports of the great battle which arrive from the front the most striking feature is the terrible record of the Russian dead. Before the severe fighting on October 14 Gen. Oku's army alone recovered and buried 2,000, making the total number of Russians buried by the Japanese, with Nodzu's army still to hear from, 6,500. Applying the usual calculation and making reasonable allowance for the fighting of the 14th and 15th, the Russian losses will exceed 40,000.

Fragmentary reports of Japanese casualties are coming in. Gen. Oku, up to and including October 14, lost 3,500 men. Estimates of the total Japanese losses are not possible, but they are small in comparison with the frightful losses of the Russians.

A telegram received from the Manchurian headquarters late Sunday reports that the fighting has ceased on the front of the right and the center armies, but that it continues before the left army.

RUSSIAN SUCCESSES.
Mukden, Oct. 18.—The Russian forces at 11 a. m. Monday penetrated the Japanese center and, it is reported, captured 11 or 13 guns and 150 prisoners east of the railway. At another point during the day the Siberian regiments took 24 guns.

The Russian operations yesterday were quite successful. The Japanese, after a stubborn resistance, were compelled to retire along their whole line, losing heavily. All the trenches carried by the Russians were filled with the Japanese dead. In one not very large trench there were counted 600 corpses of Japanese. In spite of their losses the Japanese were undaunted. They have brought up siege guns and have left no stone unturned to retain the mastery of the situation. Every step the Russians have pushed forward has been in the face of a superb resistance that cost the Russians dear. The Japanese seem to be willing to fight until they are annihilated.

On Sunday the Russians were not only successful on their right, but carried out some brilliant movements on the left, where they assumed an energetic offensive against the Japanese position at Soukhetung, south-east of Hun Pass. Soukhetung is on the road which runs to Bentsiaputze, joining the Mandarin road where the Hun river intersects it. It is a mile north of Hun Pass, which is four miles north of Shakhe. Three regiments stormed the Japanese trenches at Soukhetung and carried them after desperate resistance, capturing ten guns. The Japanese losses were enormous.

Warlike Burglars in a Bank.
Lakota, N. D., Oct. 15.—An attempt has been made to blow the safe of the People's state bank here, two explosions of dynamite awakening the citizens, who turned out with shotguns and revolvers. Several hundred shots were fired and the bandits forced the guests of the Grace hotel, nearby, to keep inside the building, on penalty of being shot. Among the guests was E. Y. Saries, the republican candidate for governor. The bank safe was wrecked, but the robbers escaped without securing any money.

REPORT OF ELLIS H. ROBERTS.

TREASURER OF UNITED STATES MAKES A STATEMENT.

The Panama Canal and a Loan to the World's Fair Caused a Deficiency During the Last Fiscal Year.

Washington, Oct. 15.—Ellis H. Roberts, treasurer of the United States, has submitted to Secretary Shaw the annual report on the transactions of the treasury during the fiscal year ended June 30, 1904.

The net ordinary revenues are shown to have been \$540,631,749, a decrease of \$19,764,925 as compared with 1903, and the net ordinary expenditures \$582,402,321, an increase of \$76,303,314. In the receipts the principal falling off was \$23,205,017 in customs, while in the disbursements the important increases were \$11,423,446 in commerce and labor, \$60,788,580 in the treasury proper, and \$20,338,067 for the navy.

Unusual expenditures were \$50,000,000 on account of the Panama canal and \$4,600,000 loaned to the Louisiana Purchase Exposition Co., which latter has been nearly all repaid. But for these, the deficiency of \$41,770,571 would have been changed to a surplus of \$12,829,428.

The operations affecting the public debt exceeded those of the preceding year and amounted to \$699,660,941 in receipts and \$638,924,379 in disbursements. The aggregate receipts for the year were therefore \$1,240,292,690 and the aggregate disbursements \$1,221,326,701. For the first three months of the current fiscal year the revenues show a falling off of \$6,516,373 and the expenditures an increase of \$18,073,539.

The redemption of United States notes in gold amounted to \$11,081,063 for the year, and those of treasury notes to \$474,126.

In consequence of the deficiency in the revenues, the cash in the offices of the treasury and mint declined during the year from \$170,020,562 to \$137,520,264, and by October 1, to \$125,964,888.

The increase in the number of banks during the year was 395, and of these 262 deposited less than \$100,000 each in bonds to secure circulation, and 381 less than \$500,000 each. On June 30 a single bank had on deposit \$10,000,000 in bonds to secure circulation, while 1,182 had less than \$25,000.

Bonds to secure public moneys were held for 842 institutions in 52 states and territories, including Porto Rico, in amounts varying from \$40,000 to \$10,000,000. The state and municipal bonds on deposit, which at one time amounted to over \$20,000,000, have been gradually reduced to less than \$3,000,000. The semi-annual duty paid into the treasury on circulation was \$1,928,837, an increase of \$220,017 over 1903.

An addition of \$118,793,148 was made during the year to the monetary stock of the country and another of \$31,829,599 in the following quarter. Of the total increase \$110,804,469 was in gold. The aggregate supply on October 1, exclusive of certificates, was estimated at \$2,835,333,734, of which \$2,562,149,489 was in circulation. The proportion of gold was 47.66 per cent, against 44.21 on July 1, 1900. The gain of gold to the treasury in the same period was \$286,033,233.

The actual gold coin in circulation on October 1 is placed at \$641,844,863 in coin and \$486,512,139 in certificates.

Since July 1, 1900, there has been a growth of \$463,991,862 in the money in circulation, or an average of nearly \$116,000,000. On October 1 the circulation reached the maximum of \$31.16 for each person, and the proportion of gold to the whole was 44.03 per cent.

The national bank notes presented for redemption during the year amounted to \$262,141,930, or 61.12 per cent. of the average outstanding. This is the highest record for any year of the 30 during which these notes have been redeemed by the treasurer.

From June 30, 1899, to June 30, 1904, there was a net increase of 1,803 in the number of banks, making a total of 5,386.

A Big Registration.

Columbus, O., Oct. 15.—The first day's registration in the cities of Ohio indicates that the quietness of the campaign is by no means evidence of apathy on the part of voters. Practically every city in the state showed an increase in registration over the first day of previous years. At both state headquarters an advantage is claimed. Republicans say as Ohio is a republican state a heavy vote favors their party. On the other hand the democratic leaders say that the big republican pluralities of recent years have been due to stay-at-home democrats, and the heavy registration indicates that they are coming out this year.

Mayor Jones' Estate.

Toledo, Oct. 15.—Papers filed in probate court show the total appraisal of the late Mayor Jones' estate to be \$354,112. Of this amount \$332,889 is in stocks and bonds. The personal property is valued at \$1,150 and cash on hand amounts to \$1,572. The real estate is worth \$18,500 and his library is valued at \$200. Mrs. Jones, by law, took \$5,000 for the support of herself and minor son for a year following the mayor's death.

Alleged Bigamists Arrested.

Chicago, Oct. 15.—A man alleged to be William Lane, of Bellefontaine, O., is under arrest here on a charge of bigamy. Lane, it is said, eloped with a school teacher of Croton, O., and married her. Before deserting his first wife, however, it is alleged, he left his coat, vest and hat on the bank of Silver Lake, as if he committed suicide. Arraigned at the same time with the Bellefontaine man was another Ohioan who gave his name as William Ernest Whipple and was charged with having a wife in Delaware, O., and marrying again.

OHIO BY WIRE

No Election Will be Ordered.

Columbus, O., Oct. 15.—Demand was made from the Thirtieth senatorial district yesterday for a proclamation calling for the election of a successor to Senator Charles A. Judson, who resigned last May. The demand came from republicans in Erie county. Gov. Herrick was about to issue the call when he was told that the democrats had not considered the matter and would be shut out of naming a candidate, inasmuch as yesterday was the final day on which a nomination could be certified. Herrick conferred with Secretary of State Laylin, and Laylin held that as the governor had failed to issue a proclamation declaring a vacancy in the district, he could not order an election.

Of Interest to School Teachers.

Columbus, O., Oct. 18.—State School Commissioner Jones has made a ruling of great interest to all the teachers in the state. He holds that under the new school code every elementary school teacher in the state after September 1, 1905, must have literature as one of the studies specified on his certificate. This means that a great many teachers will have to be examined in this branch before the date set. Jones has also emphasized the provision of the code that after that date every certificate must specify whether it is high school, elementary or special.

Burt Gets the Estate.

Toledo, Oct. 15.—Theatrical Manager Frank Burt, who was shot by his wife a few months ago, the wife dying insane after Burt had secured a divorce, is to get her estate. This includes \$5,000 alimony and the home which Burt deeded to her prior to the divorce. Mr. and Mrs. Burt each made a will, leaving everything to the survivor. After the shooting episode Mrs. Burt tore up her will. An application to have the torn will admitted to probate was not resisted, and the court declared Burt the legal heir of his wife.

Swallowed Poison and Died.

Roseville, O., Oct. 14.—In love with his cousin, Fanny Prindle, of Coshocton, O., Melville Prindle, aged 22, swallowed strychnine at the home of his parents Wednesday night. Prindle had just returned from Coshocton. His suit, because of the relationship, the parents on both sides did not approve. He told members of the family his intention before taking the poison, and after taking it told his mother what he had done. Before medical aid arrived he died.

Murderous Firebugs at Work.

Staubenville, O., Oct. 17.—A Slavish boarding house was fired and completely destroyed by unknown incendiaries at an early hour Sunday. When the 17 inmates attempted to escape a number of shots were fired from the darkness, several boarders being hit by the bullets, but none seriously hurt. George Miller, proprietor of the boarding house, said that he has incurred the ill will of a secret society of foreigners.

Drowned in the Cuyahoga River.

Cleveland, Oct. 18.—Neil Donnelly, 88 Portage street, was drowned in the Cuyahoga river Monday. Donnelly was employed by a Youngstown concern. He was sent to the Central blast furnace Monday to make some repairs. When other workmen arrived they missed Donnelly. Later his body was seen floating in the river nearby.

Grand Jury Begins to Probe.

Columbus, O., Oct. 18.—The special grand jury summoned to investigate charges of systematic jury fixing in Franklin county, involving leading politicians and county officials, entered upon its work Monday. It is charged that the makeup of juries has been so manipulated as to permit of the selling of their verdicts to the litigant who would pay the most.

Cars Dropped Into a River.

Toledo, Oct. 14.—Six loaded coal cars on the Wheeling & Lake Erie railroad went into the Maumee river shortly after noon yesterday, caused by the giving way of a temporary trestle which took the place of a bridge span carried out by the ice last winter. The engine crossed safely. No lives were lost.

Morrow is Elected President.

Xenia, O., Oct. 18.—At the meeting of the orphans' home board of trustees yesterday Col. D. O. Morrow, of Hillsboro, was elected president and Col. J. C. Roland, of Cleveland, secretary, to succeed Col. Morrow. Since the resignation of Dr. Houston from the board Capt. Dowling, of Toledo, has been acting president.

A Warren Boy Killed His Brother.

Warren, O., Oct. 14.—Warren Gildard, aged 15, accidentally shot and killed his brother Byron, aged 12, while playing with revolvers Wednesday night. The boys were showing each other what they would do if burglars should enter the house, and the guns were supposed to be empty.

Convict Attempted Suicide.

Columbus, O., Oct. 18.—Adam Reinman, of Tiffin, received at the penitentiary Friday under a life sentence, attempted suicide Monday by gashing his wrist and ankle with a piece of sharp tin. He was unconscious from loss of blood when found. He will recover.

A Bankruptcy Petition.

Cleveland, Oct. 18.—George L. Curtice, of Akron, filed a petition in voluntary bankruptcy in federal court Monday. Liabilities \$101,088, assets \$600. Curtice is a superintendent in a blank book factory.

THIS WOMAN KNOWS

WHAT ONE OF THE SEX DISCOVERED TO HER GREAT JOY.

Mrs. De Long Finds that the Indescribable Pains of Rheumatism Can be Cured Through the Blood.

Mrs. E. M. De Long, of No. 160 West Broadway, Council Bluffs, Iowa, found herself suddenly attacked by rheumatism in the winter of 1896. She gave the doctor a chance to help her, which he failed to improve, and then she did some thinking and experimenting of her own. She was so successful that she deems it her duty to tell the story of her escape from suffering.

"My brother-in-law," she says, "was enthusiastic on the subject of Dr. Williams' Pink Pills as a purifier of the blood, and when I was suffering extreme pains in the joints of my ankles, knees, hips, wrists and elbows, and the doctor was giving me no relief, I began to reflect that rheumatism is a disease of the blood and that, if Dr. Williams' Pink Pills are so good for the blood, they must be good for rheumatism and worth a trial.

"I was in bed half the time, suffering with pain that cannot be described to one who has never had the disease. It would concentrate sometimes in one set of joints. When it was in my feet I could not walk, when it was in my elbows and wrists I could not even draw the coverlets over my body. I had suffered in this way for weeks before I began using Dr. Williams' Pink Pills. Two weeks after I began with them I experienced relief and after I had taken six boxes I was entirely well. To make sure I continued to use them about two weeks longer and then stopped altogether. For several years I have had no reason to use them for myself, but I have recommended them to others as an excellent remedy.

Dr. Williams' Pink Pills furnish the blood with all the elements that are needed to build up healthy tissue, strong muscles and nerves, capable of bearing the strain that nature puts upon them. They really make new blood and cure all diseases arising from disorders of the blood or nerves, such as sciatica, neuralgia, partial paralysis, locomotor ataxia, St. Vitus' dance, nervous prostration, anemia and all forms of weakness in either male or female. They are sold by all druggists.

RAISE ENORMOUS PUMPKINS.

Thirty of Them, Grown by Pennsylvania Gardener, Weigh Nearly Four Hundred Pounds.

All feats in pumpkin raising have been surpassed by John Weir, who owns a small garden in the farm of the Philadelphia Vacant Lots association, in Philadelphia. Several weeks ago Weir threw some pumpkin seeds on a steep embankment which borders his farm.

There were signs of miniature pumpkins on his vine, and to prevent them from interfering with his other vegetables he threw the vine over the top of a tree. Then he forgot all about the pumpkin vine. He was startled one day to see pumpkins appearing among the foliage of the tree. There was a big bunch of them, big and heavy, and they were bearing heavily upon the branches of the tree.

In order that they might thrive in comfort Weir built a shelf under each pumpkin and they grew bigger and stronger until then encircled the entire tree. All together they were 30 of them, weighing collectively, 350 pounds. They are now getting ready to appear in a large aggregation of pumpkins.

Color of Adam and Eve.

A dispute has arisen whether Adam and Eve were not colored. The burden of all obtaining testimony is that they undoubtedly were, remarks the Buffalo Express. They were green when the serpent led them astray, but they turned blue when cast out of Paradise.

SAFEST FOOD

In Any Time of Trouble Is Grape-Nuts

Food to rebuild the strength and that is pre digested must be selected when one is convalescent. At this time there is nothing so valuable as Grape-Nuts for the reason that this food is all nourishment and is also all digestible nourishment. A woman who used it says:

"Some time ago I was very ill with typhoid fever, so ill everyone thought I would die, even myself. It left me so weak I could not properly digest food of any kind and I also had much bowel trouble which left me a weak, helpless wreck.

"I needed nourishment as badly as anyone could, but none of the tonics helped me until I finally tried Grape-Nuts food morning and evening. This not only supplied food that I thought delicious as could be but it also made me perfectly well and strong again so I can do all my household work, sleep well, can eat anything without any trace of bowel trouble and for that reason alone Grape-Nuts food is worth its weight in gold." Name given by Postum Co., Battle Creek, Mich.

Typhoid fever like some other diseases attacks the bowels and frequently sets up bleeding and makes them for months incapable of digesting the starches and therefore pre digested Grape-Nuts is invaluable for the well-known reason that in Grape-Nuts all the starches have been transformed into grape sugar. This means that the first stage of digestion has been mechanically accomplished in Grape-Nuts food at the factories and therefore anyone, no matter how weak the stomach, can handle it and grow strong, for all the nourishment is still there.

There's a sound reason and 10 days trial proves.
